Swedbank Finnish Life Science Event, Helsinki, 22 Mar 2023

This document and the information contained herein are being presented by Nexstim Oyj (“Nexstim” or the “Company”). In connection with any presentation or review of this document, you agree to be bound by the following limitations and notifications.

This document and the information contained herein are being provided to you solely for your information. The distribution of this document in some jurisdictions may be restricted by law and persons into whose possession this document comes are required to inform themselves about and observe any such restrictions. Accordingly, this document may not be distributed in any jurisdiction except under circumstances that will result in compliance with applicable laws and regulations.

This document is not a prospectus, and the information contained herein does not and is not intended to constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of any securities in connection with this document in any jurisdiction. This document and the information contained herein are not an offer of securities in the United States and are not for distribution in the United States.

Recipients should not treat the contents of the document as advice relating to legal, taxation or other matters. This presentation does not purport to be all-inclusive or to contain any or all the information that prospective investors may desire in analysing and deciding whether or not to hold or transact in the Company’s shares. Neither the Company nor any of its affiliates or representatives makes any representation or warranty, express or implied, as to the accuracy or completeness of this document or any of the information contained herein, or any other written or oral communication transmitted or made available to the recipient or its affiliates or representatives. The Company and its affiliates or representatives expressly disclaim to the fullest extent permitted by law any and all liability based, in whole or in part, on this document or any information contained herein or any other written or oral communication transmitted or made available to the recipient or its affiliates or representatives, including, without limitation, with respect to errors therein or omissions therefrom.

Recipients should not assume that the information in this document is accurate as of any date

other than the date of this presentation. Nothing contained herein is, or should be relied upon as, a promise or representation as to future performance. The Company does not undertake any obligation to update or revise this this document.

Certain of the information contained herein concerning industry and market data, economic trends, market position and competitiveness is based upon or derived from information provided by third-party consultants and other industry sources. Neither the Company nor any of its affiliates or representatives can guarantee the accuracy of such information or has independently verified the assumptions upon which projections of future trends and performance in such information are based.

Nexstim's NBS System is cleared by the FDA for assessment of the motor and speech cortices for pre-procedural planning. Nexstim markets its NBT® system in the US for the treatment of Major Depressive Disorder (MDD) following clearance from the FDA for marketing and commercial distribution for this indication. The NBT® system is CE marked in Europe for the treatment of major depression and chronic neuropathic pain. Nexstim's NBS 6 System is not yet cleared by the FDA or CE marked in Europe for any indication for use.

FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements that reflect the Company’s current views with respect to certain future events and potential financial performance. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will materialise. Accordingly, results could differ materially from those set out in the forward-looking statements as a result of various factors. To the extent that this document contains opinions, estimates, forecasts or other forward-looking statements, no guarantees or undertakings that these are correct or complete are given by the Company or any of its respective members, advisors, officers or employees or any other person. Forecasts and assumptions which are subject to economic and competitive uncertainty are outside such person’s control and no guarantee can be given that projected results will be achieved or that outcomes will correspond with forecasts. Information in this document may be changed, added to or corrected without advance notification.

Nexstim is a Finnish, globally operating growth-oriented medical technology company.

MISSION

- We enable personalized and effective therapies and diagnostics for challenging brain diseases and disorders.
- Our innovations create a possibility for a better life.

VISION

- With our technological know-how and superior services,
- we ensure the best treatments for our patients,
- deliver the greatest value for our customer hospitals, clinics and business partners,
- and long-term growth in shareholder value for our investors.

VALUES

- Science and clinical evidence
- Financial success
- Passion and commitment
- Ethics and responsibility

Megatrends that Support our Growth

Nexstim's unique proprietary neuronavigated TMS-technology for both diagnostic and therapy applications.

1

Aging population

- Population aging and a significant decline in the working-age and able population in Western countries
- Brain diseases increase with aging

2

Technological development in healthcare

- Technological developments and active research enable wider and new applications in the treatment of challenging brain diseases and disorders

3

Healthcare cost pressures

- The need for more effective and faster rehabilitation

			Chronic pain	CE marked	Additional clinical trials evaluated
Therapy Business	NBT® (Navigated Brain Therapy)	Over 60 systems incl. therapy software	Depression	CE marked	FDA approved with existing reimbursement
			Chronic pain	CE marked	Additional clinical trials evaluated

- Nexstim's historically best year measured by net sales, operating profit and result for the period
- 2022 was the first profitable year in the history of the company
- Business has continued the profitable growth despite the tense global political situation caused by the war in Ukraine
- System sales were EUR 3.1M (2021: EUR 3.7M), a decrease of -17.4%. Recurring net sales accounted for EUR 2.9M (2021: EUR 2.7M), an increase of 9.0%. Licensing business accounted for EUR 3.5M (2021: EUR 0.0M)
 - Net sales = EUR 9.5M (2021: EUR 6.4M), an increase of 48.9%
 - Operating result = EUR 0.8M (2021: EUR -1.5M), first operating profitable year
 - Result for the period = EUR 1.3M (2021: EUR -0.8M), first profitable year
- Diagnostics Business (NBS) net sales decreased by -7.7% in 2022 to EUR 3.4M (2021: EUR 3.7M) and the Therapy Business (NBT®) net sales grew by 126.8 % in 2022 amounting to EUR 6.1M (2021: EUR 2.7M)
- Rapid growth rate was mainly due to the sale of a technology license related to the NBT® system to Magnus Medical and the agreement signing fee of around EUR 3.5 million, which was recognized as revenue during H1 2022.

Nexstim Financial Progress 2018-2022

Financial Progress (EUR thousands)

2022 Key Financials

• Nexstim not planning new funding rounds at the moment	

Net sales and Operating result development

- Profitable revenue growth plays a key role in our efforts to minimize our future capital needs

Future outlook: Based on business forecasts, the company expects that its comparable net sales will grow in 2023 and its EBITDA (operating result before depreciations) for the financial year will be positive.

Nexstim Key Strategic Objectives 2023

1

Profitable comparable net sales growth, leading to a positive EBITDA (operating result before depreciation) for the financial period, while minimizing future capital needs

2

The launch of the new NBS 6 product, enabling easy-to-use systems and the use of future additional modules in the same system

3

Expanding the network of Nexstim exclusive collaboration clinics primarily in the USA and Europe

Future outlook: Based on business forecasts, the company expects that its comparable net sales will grow in 2023 and its EBITDA (operating result before depreciations) for the financial year will be positive.

NBS 6 – future of the Nexstim system

Developing and launching a new product generation is an essential part of Nexstim's work during the 2020-2024 strategy period

- The NBS 6 is a new combined system that has been built on Nexstim's unique, clinically established technology.
- The modular product design allows for an expansion of system capabilities over time.
- The new solution creates long-term value for Nexstim's customers and investors.

Responding to customer demand

The NBS 6 software has been developed in collaboration with Nexstim's customers, ensuring the best possible level of usability. The new combined system responds to the great customer demand for systems that allow the delivery of both diagnostic and therapeutic applications.
